PROFESSIONAL SUMMARY

B.Tech **CSE (AI & ML)** student at Kashi Institute of Technology with **CGPA 8.63** (top 15% of batch). Built production-deployed **GenAI Student ERP** (GyanSetu AI) using **Next.js, FastAPI, PostgreSQL** and **Text-to-SQL**. Skilled in **full-stack development** with React.js, TypeScript, Python and REST APIs. Completed **IBM-supported internship**; seeking **software development** or **AI/ML internship**.

TECHNICAL SKILLS

Languages:	Python, JavaScript, TypeScript, Java
Frontend:	React.js, Next.js, HTML5, CSS3, Tailwind CSS, Responsive Web Design
Backend:	FastAPI, SQLAlchemy, REST API, JWT Authentication
Database:	PostgreSQL, Supabase, SQL
AI / GenAI:	Text-to-SQL, RAG, LLM APIs, Machine Learning, Generative AI
Tools:	Git, GitHub, VS Code, Vercel, Postman

PROJECTS

GyanSetu AI — GenAI Student ERP Copilot | **Next.js · FastAPI · PostgreSQL · TypeScript · LLM** Jun 2026 – Present

- Built **production-deployed full-stack GenAI ERP** — **Next.js + TypeScript + Tailwind** frontend, **FastAPI + SQLAlchemy** backend with **Text-to-SQL AI engine**. Live demo: gyansetu-ai-obxu.vercel.app
- Students query attendance, marks & timetable in **natural language**; AI converts to **SQL** and returns real-time data. Stack: **PostgreSQL, Supabase, LLM APIs, JWT Auth, Vercel** | [GitHub Repo](#) | **84+ commits**.

React Food Ordering App | **React.js · JavaScript · CSS3** Mar – Apr 2025

- Responsive food ordering app with **5+ reusable React components**, **useState/useEffect hooks**, dynamic cart with real-time item updates across **3+ screen sizes**.

Wikipedia Information Portal | **HTML5 · CSS3 · JavaScript · REST API** Jan – Feb 2025

- Portal fetching live **Wikipedia REST API** data; redesigned navigation UI reducing average user click depth by **40%** through improved page structure.

Responsive Login Page | **HTML5 · CSS3 · JavaScript** Dec 2024

- Client-side form validation** across 3 input fields; fully responsive across desktop and mobile via **adaptive CSS grid** layout.

INTERNSHIP EXPERIENCE

Web & Mobile Development Intern | IBM CEP (Virtual Internship) Jul – Aug 2025

- Completed **4-week IBM-supported program** (Web, Mobile Dev & Digital Marketing); finished in **top 15% of cohort**; earned **Rs. 4,000 stipend**.
- Delivered **3+ front-end projects** in HTML5, CSS3 & JavaScript; applied **agile workflow** with task tracking and iterative review cycles.

EDUCATION

B.Tech – Computer Science & Engineering (AI & ML) | Kashi Institute of Technology, Varanasi Expected May 2028

CGPA: **8.63** | Top 15% of CSE (AI & ML) batch

CERTIFICATIONS & ACHIEVEMENTS

- IBM CEP Certificate** – Web & Mobile Development and Digital Marketing (Jul 2025)
- Maintained **CGPA 8.63** across 3 semesters — **top 15%** of CSE (AI & ML) batch, Kashi Institute of Technology, Varanasi
- Deployed **production GenAI app** (GyanSetu AI) on Vercel with live demo and **84+ GitHub commits**
- Completed coursework in **Artificial Intelligence, Machine Learning** and **Generative AI**
